Foundations in Community Organising training workshop

– – *Scott Grimmett*

The training Foundations in Community Organising was attended by Mark Lindgard, Margaret Norris, Gillian Duffy, Lesley Willcoxson, Louise Foulkes, Stephanie Akers, Glyni Cumming, Agnieszka Swiatlowska and Angela Mercuri. Many thanks to our trainers Dave Copeman and Elise Ganley from Qld Community Alliance.

Everyone enjoyed the training immensely and gained useful insight into what we are trying to do as members of a community group dedicated to social change. We often talk about what Buddies should do next, but rarely get such an opportunity for an outsider's perspective on why and how we make these choices.

I would highly recommend this training to anyone looking to get involved in social change, whether for Buddies or any other community group you are a member of. Any member who would like to be contacted the next time this training is available should contact Scott Grimmett.
